The Community Kitchen is an equal opportunity employer and is committed to the belief that everyone is entitled to equal employment opportunity.

Founded in 1983, The Community Kitchen's mission is to provide healthy and nutritious hot meals, take-home food boxes and advocacy to low and moderate income men, women and families with children in the Monadnock Region.

Since its founding, The Community Kitchen has provided more than 11 million meals and served as a crucial food source for thousands of Monadnock Region residents in need. It relies on dedicated volunteers and generous donations to meet its mission. Support comes from local restaurants, businesses, Monadnock United Way, municipalities and Cheshire County, as well as state and federal grants.

In total, Keene-based residents account for about 55 percent of The Community Kitchen's clientele. About 95 percent of Kitchen clients come in not for hot meals, but for boxes filled with groceries – including fresh produce gleaned from surrounding farms when possible.

Long-standing relationships with area donors like C&S Wholesale Grocers, United Natural Foods and the New Hampshire and Vermont Food Banks mean that residents from other communities know they can pick up 30 to 40 pounds of nutritious food staples in one visit if they make the drive to Keene.
